TP/60LW

TP/60LW: Professional digital church organ keyboard. The new combination of plastic and metal frame structure allow easy application. The special "SNAP" function point out as the old church organ the feeling to open the air valve. The new and particular desing of the keys applied to the wood point out the classic and elegant line of the product. The keyboard is available in various configurations: 61 and 76 un-weighted keys, dynamic or monophonic bubble contacts.
